About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath. With Signia, you can Be Brilliant.

Upgrade to Signia Motion X

With Signia Motion X you don't have to settle for average anymore. They are packed with the latest technical innovations so you can optimize them to sound exactly how you want them to, in every situation. From a tranquil stroll in the park listening to birdsong to dining out at a busy restaurant and staying fully involved in the conversation. Signia Motion X hearing aids let you take your performance to the next level.

Prescription audio that performs

Being brilliant means being fully independent to achieve your goals. That is why Motion X comes packed with high-tech features such as Bluetooth streaming of phone calls and music straight into your ears, at the right audio levels for you.

And these sleek modern all-rounders are rechargeable, delivering up to a whopping 27 hours of use on a single charge.

All models come with a compact charger with the option to upgrade to a Dry&Clean charger.

Tinnitus options
If you suffer from tinnitus, Motion X features a range of therapy options to make your life more comfortable.

Hear what really matters to you

Our revolutionary sensor technology recognizes if you are moving to ensure that you experience everything going on around you as you move through your day.

Motion C&G X is the smallest of the range and sits discreetly behind your ear. Motion C&G P X is slightly bigger to pack extra power in any difficult hearing situation. And Motion C&G SP X is the world's first hearing aid to combine Super Power with rechargeability.

Personal support, at your fingertips

The entire Signia Motion X range connects to the Signia app, which contains the Signia Assistant and TeleCare support. Using artificial intelligence, the Signia Assistant offers immediate support whenever you need to adjust settings. Signia TeleCare enables you to keep in touch with your hearing care professional, so you get extra support on the spot when you need it. The Signia app acts like a hearing professional in your pocket, so you can Be Brilliant in any situation.

Compatible with Android and iOS. The app is free of charge.
