Scan the QR code now to uncover all its features — or speak directly with your Hearing Care Professional.

Don't wait! Get brilliant hearing today with the Motion Charge&Go IX BTE family.

Discover the perfect blend of comfort, stylish design, and innovative technology with Signia.

Stay in the conversation

No matter your level of hearing loss, there is a Motion Charge&Go IX for you — including the longest battery runtime of any rechargeable Super Power device for those who need maximum amplification. Motion Charge&Go IX features MFi, ASHA, and LE Audio Bluetooth® connectivity while an integrated telecoil provides seamless options for audio streaming. Enjoy the convenience of hassle-free rechargeability and the confidence of a full day of power. Experience the difference Motion Charge&Go IX can make in your life.

Five reasons to choose a Motion Charge&Go IX

- **Superior speech enhancement:** Proven to deliver more than twice the speech enhancement in noisy group conversations compared to the closest competitors,¹ **RealTime Conversation Enhancement** makes it easy to follow and contribute to group conversations.²
- **Reliable all-day power:** With an unparalleled battery runtime of 65 hours with 5 hours of streaming*— and up to an unprecedented 73 hours of runtime without streaming — you're always in the conversation.
- **Contribute with confidence:** Your own voice sounds just right with our patented Own Voice Processing 2.0, giving you the confidence to contribute to any conversation.³

* Motion Charge&Go SP IX

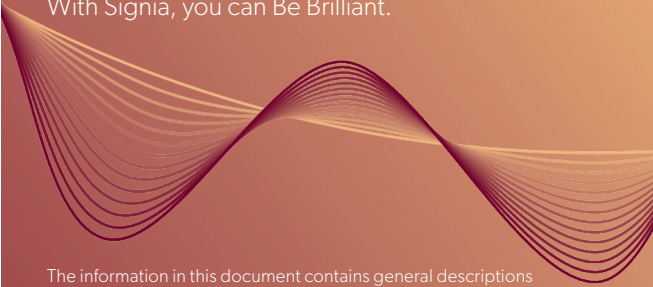

- **Real-time fine-tuning:** Signia Assistant is your convenient AI helper offering intelligent customizations to personalize your listening experience in real time.
- **Customized hearing experience:** It's easy to adjust your hearing settings if desired with our user-friendly mobile app.

About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath. With Signia, you can Be Brilliant.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.
