95%

of wearers have better speech reception with RealTime Conversation Enhancement than without.¹

The science of being part of the conversation

With RealTime Conversation Enhancement,² your Signia Integrated Xperience (IX) hearing aids can follow multiple conversation partners simultaneously, even as they move or you turn your head. Available in select models, this technology works in three stages:

Analyze: Evaluates 192,000 data points every second to understand your environment and conversation needs.

Augment: Boosts the voices of all the people you are talking to, helping you hear them clearly.

Adapt: Updates 1,000 times a second to your conversation environment, ensuring you are always part of the action.

Integrated
Xperience

¹ Visit signia-pro.com/en-us/claims-data for more details.

² RealTime Conversation Enhancement not available in all styles.

Pure Charge&Go BCT IX

Stay connected and confident in every conversation. These small, rechargeable hearing aids keep you powered all day and connect easily to your phone, music, and TV with Bluetooth. Smart features give you clear speech in groups, a natural sound to your own voice, and in-app real-time support whenever you need it.

- Up to 36 hours of battery life with 5 hours of streaming
- LED light instantly shows your hearing aids' power status
- Dual push buttons allow quick volume and program adjustments on the go

About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, but performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath. With Signia, you can Be Brilliant.

Note: Not all features are available at all performance levels.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.
